## Brillion High School to host night of champions on Jan. 24

By David Nordby  
The Brillion News

BRILLION – Nine state champion and state runner-up teams plus individual champions from throughout Brillion sports history will be recognized at half-time of the boys basketball game between the Lions and Roncalli on Friday, Jan. 24.

Jeff Schlender and fellow organizers have dubbed the event “night of champions.”

“I think that in some ways we’re a little bit spoiled in Brillion because of the amount of success that we’ve had. Not that we haven’t earned it. We earned it. It’s hard earned success but we’ve been very fortunate to have a lot of individuals and a lot of teams compete at a very high level and have success at the state level,” Schlender said. “That doesn’t happen everywhere.”

The Brillion basketball team celebrates its state championship win on March 18, 2023, at the Kohl Center in Madison. Brillion High School is hosting a night of champions on Friday, Jan. 24 to recognize all of the school’s state championship and state runner-up teams in an event advertised as a “night of champions.” (David Nordby/BN Archive)

Reunions with whole football teams and individual track and field competitors can be difficult to organize, so the entire night is an opportunity for all who were a part of the past success to be recognized.

“We started doubling up on teams so we had the [2003 and 2004] football teams that were a lot of the same athletes,” Schlender said.

The 2010 state football team also had an overlap with the 2011-12 basketball team.

“We wanted to recognize people,” Schlender said. “A lot of places will do 10-year reunions or 20-year reunions, and again the 1984 and 2004 football teams were on the same decade schedule, so it just kind of made sense to me to try to recognize [everyone].”

If it goes well, it’s likely that the school would get on a ...

## How weather cancellations for schools are decided

By David Nordby  
The Brillion News

BRILLION – The days of parents and students waking up on a snowy day, turning on their televisions to local news stations and watching for school cancellation updates to flash across the bot-

tom of the screen are largely over. Smartphones and other modern forms of communication have replaced that.

But inclement weather still impacts school systems, and if winter weather moves in, superintendents are making those decisions in the early hours of the

morning.

“We work very closely with Kobussen (Buses),” Brillion Superintendent Corey Baumgartner said.

One of Kobussen’s employees is on the roads checking the drivability in and around Brillion as early as 3:30 a.m.

“They’ll check side roads, if they’re plowed or not, if there’s certain icy conditions. They’ll report out what they have. Now, there’s some school districts, like I know Hilbert and Reedsville, they hop in their own trucks, too,” Baumgartner said.

Baumgartner says the Nation-

al Weather Service out of Green Bay has “been very reliable with what they’ve had to help us make informed decisions.”

“Some people find it funny how many National Weather Service webinars that [Brillion principal] Elissa [Hoffman] and I attend,” Baumgartner said. ...

## Sudoku

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
