Burich family, Amazon continue special connection

By David Nordby
The Brillion News

The special connection between Sawyer Burich, a 10-year-old from Brillion, and Amazon, one of the largest companies in the world, continues.

Sawyer, along with his family and a few Chilton classmates, visited Amazon's warehouse in Greenville recently. Sawyer's mom, Danielle, had asked if Sawyer could come tour the facility after Sawyer noticed the company's new electric trucks.

It is the third time that Sawyer and his family have met with representatives from Amazon. In October 2021, Amazon em-

The 10-year-old boy from Brillion has developed a deep connection with Amazon, one that started when he wanted to be an Amazon delivery driver. The company surprised him in 2021 and 2022 with Amazon Halloween costumes. (Submitted Photo)

ployees surprised Sawyer with a Halloween costume to help fulfill his dream of being a company delivery driver after Sawyer and the delivery drivers who visited his house formed friendships. In October 2022, the company surprised him again with an updated uniform for him and his brother, Bennett, and family dog, Oakley.

In addition to the tour, Sawyer was gifted two \$5,000 checks for school supplies, with one going to the Chilton School District, where Sawyer is currently enrolled, and the Brillion School District, where Bennett goes and where the family lives.

Brillion native reported missing in Madison

By David Nordby
The Brillion News

A \$12,000 reward is being offered for any information that leads to the finding of Eric Boll, a 2010 Brillion High School graduate.

Eric was last seen leaving his residence on the east side of Madison on Aug. 23 on his e-bike and has not been seen or heard from since. He was officially reported

as a missing person by the City of Madison Police Department on Sept. 4.

"We want Eric home," Trish Moehn, Eric's mother, told *The Brillion News* last week. "We have reason to believe he is in mental crisis and there is the possibility he could hurt himself."

Moehn said Eric is not believed to be a danger to anyone else.

The family is asking people in the Madison area to check green

spaces, outbuildings or sheds near or on their property. The family is also asking that farmers and hunters keep an eye out during hunting and harvesting, as well as review cameras from Aug. 23 and 24.

One video review showed Eric did not travel south.

"We want him home. We love him and we only want to help," Moehn said.

The family had lived in Forest Junction when Eric and his

siblings attended Brillion High School.

The reward is from funding sponsored by friends and coworkers.

If someone has information about Eric's whereabouts, please contact the Dane County Communications non-emergency number at 608-255-2345 or report online at P3TIPS.com.

Sudoku

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

“We use Zander Press for all of our signage and printing needs. Their quality products are the top of the line and the printing is a perfect example of excellence. As a busy small business owner, the part I like best about Zander Press is the design services provided by Darcy and team. I can make a phone call with an idea and have beautiful proofs to look at and choose from in just a short while. They make our company look very professional and make my busy life less stressful at the same time. In my experience there is only one choice for a printer - Zander Press Inc.”
